

COVID Safe Workplaces

COVID Safe Workplaces are vital as we reopen businesses and all workplaces operate in ways that keep all workers safe and minimise the risk of a Covid-19 outbreak.

As we move towards the lifting of some restrictions imposed due to COVID-19 it is vital all businesses and industry are ready to open and/or operate with a Covid Safe Workplace Framework in place. WorkSafe Tasmania has many excellent resources to assist both employers and employees to promote and enhance the safety of all workers, their families and the communities in which they operate.

A Covid Safe Workplace Framework can be accessed on the WorkSafe website here:
